Summary:

Senior Backend Engineer with 8+ years of experience building and operating real-time, high-availability billing systems at scale. Strong expertise in Java, Spring Boot, and distributed microservices. Proven ownership of core services, P1 incident resolution, and product modernization initiatives in telecom billing and charging domains.

Work Experience

Senior Software Developer, R&D Unit, Amdocs | Pune, Maharashtra | Nov 2021 - Present

- Owned backend design and development of real-time, transaction-intensive billing services using Java 8+, Spring Boot and Microservices architecture supporting millions of telecom subscribers across Chile, Peru, and Argentina.
- Develop and maintain Accounts Receivable(AR), Collections and Customer Management(CM) services within the Amdocs Billing product handling payments, outstanding balances and customer lifecycle workflows for large-scale prepaid and postpaid systems.
- Lead P1 production incident resolution, performing structured root cause analysis (RCA) across application, database and integration layers and delivering permanent fixes to sustain 99.9% availability of billing systems.
- Collaborate with global cross-functional teams during onsite assignments in Peru and Brazil, aligning development, testing and release activities with enterprise change and delivery processes.
- Currently contributing to Core R&D product development team on the OPENET charging platform, focusing on system design, performance, and scalability with hands-on experience in ELK/Elasticsearch, Docker, and Kubernetes (AWS EKS) and RxJava.
- Adopted AI-assisted development using Cursor AI and MCP servers to optimize coding efficiency, automate repetitive tasks, and support performance tuning in distributed systems running on Kubernetes (AWS EKS).

Senior Software Engineer, Wipro | Bangalore, Karnataka | Feb 2018- Nov 2021

- Developed backend services for IQNxt, a data quality and profiling platform, enabling large-scale business data validation and analytics.
- Built and optimized Java-based backend components, REST APIs, and data pipelines for enterprise clients.
- Contributed to Intel 10th Gen Ice Lake project, working on performance-critical components in a highly regulated engineering environment.
- Gained early exposure to ML, analytics workflows, and cloud migration, strengthening system-level thinking.

Technical Skills

- **Programming Languages:** Java 8+, Linux Shell Scripting
- **Frameworks & Architectures:** Spring Boot, Spring MVC, Spring Security, RESTful Web Services, Microservices Architecture, Spring Cloud, JWT Authentication, Hibernate.
- **Architecture & Design:** Object-Oriented Programming (OOP), SOLID Principles, Design Patterns, System Design, Scalable & Reusable Microservices, Event-Driven Architecture, CQRS, Event Sourcing.
- **Messaging & Streaming:** Apache Kafka, ELK stack
- **Databases & Persistence:** Oracle SQL (RDBMS), NoSQL Concepts, Database Query Optimization (Indexing, Partitioning, Normalization, Execution Plans), Elasticsearch.
- **Cloud, DevOps:** CI/CD Pipelines, Jenkins, Maven, Git, Bitbucket, Perforce, SONARQube, Docker, Kubernetes, Helm Charts, AWS .
- **Concurrency & Performance:** Java Concurrency & Multithreading, High-Performance Backend Systems
- **Tools & Platforms:** Jenkins, Maven, Atlassian Suite, JIRA, Perforce, Eclipse, IntelliJ, Bitbucket, Git, Cursor AI
- **Domain Expertise:** Telecom Billing Systems, Real-Time Charging Systems, Accounts Receivable (AR), Invoicing Applications and Online & Real-Time Systems.

Publication

Published conference paper titled “A Self Organizing Map Based Multi-objective Framework for Automatic Evolution of Clusters” in International Conference of Neural Information Practices, 2017 Guangzhou, China https://link.springer.com/chapter/10.1007/978-3-319-70136-3_71

Education

High School:

Notre Dame Academy, Jamalpur, Bihar | CBSE | Class 10 | 8.8 CGPA

D.A.V Public School, Bokaro, Jharkhand | CBSE | Class 12 | 75%

Graduation:

Sikkim Manipal Institute of Technology, Gangtok, Sikkim | 2013-2017

- B. Tech in Computer Science & Engineering | 8.12 CGPA
